You should also familiarise yourself, from the instructions on each fire extinguisher, with how to operate the particular extinguisher and the purposes for which the particular extinguisher is to be used.

The Village Hall premises are single floor and the layout is not complicated. The Committee Room may be entered or exited through two doors at either end of the room. If you are using this room, you should ensure that both doors are unlocked to facilitate the use of both exit alternatives.

In the event of a fire, you should follow the Halls Fire Evacuation Plan. This is to ensure that the Village Hall is evacuated in an orderly manner using the appropriate exits, and the Fire Brigade called by dialling 999.

You or your authorised individual should:

- shout to occupants to evacuate the Hall through the nearest available exit and to congregate in the far corner of the car park away from the vehicle entrance
- Check that nobody remains in all rooms including the toilets, kitchen and bar and Committee room (if in use).

Telephone

The Village Hall has no telephone, so you are advised to bring a fully charged mobile telephone for use in case of emergency.

Power Circuits/Heating

The heating controls are located in the kitchen and a thermostat is in the Main Hall. You should advise Key holders if the Village Hall needs to be particularly warm or cold and

should not adjust individual radiators/heaters as this will result in the Village Hall being too cold or hot for subsequent users.

Car Parking

The Village Hall car park adjoins the Hall and will accommodate 20 - 30 cars if they are parked sensibly.

Money and other Valuables

You should note that there are no facilities (eg safe) to secure money or other valuables in the hall. Such items must not be deliberately left or kept on the premises.
